

Saving our Wilderness

You have watched and made notes on the Planet Earth video, *Into the Wilderness*. Use your movie notes and anything else you have learned in this Ecosystems unit to create an information poster **about saving the wilderness areas that are left in the world.**

Criteria – Communication		Level _____		
Title	- Short, memorable (snappy) and definitely sends the message that humans should protect wilderness areas.	0	1	2
Font size	- Title should be big and visual from a fair distance away. Subtitles a little smaller and text (sentences) normal size.	0	1	2
Neat	- Is your poster neat?	0	1	2
Colourful	- Is your poster colourful?	0	1	2
Use of space	- Is your poster balanced? - Did you use all the space?	0	1	2
Criteria – Knowledge & Understanding		Level _____		
Wilderness	- you need to have a definition of the word 'wilderness on your poster.	0	1	2
Threats	- Your poster needs to educate readers about what is threatening to destroy our wilderness areas.	0	1	2
	- You need at least 2 factors mentioned AND explained.	0	1	
Action	- The poster should have 2 actions people can take to help protect wilderness areas.	0	1	2
	- Also include 'why' these actions help.	0	1	
Extra Information	- You are encouraged to add extra information that helps get your message across. If this extra information comes from the movie, that's really good!	0	1	2

Plan it out!
